As we begin our summer break, we are excited to once more provide a summer reading list for all students in our school. While we recognize the importance of a relaxing break for our students, we feel that the joy of reading should be an important part of any leisure time.

In order to guide your child in choosing the best literature available, we have developed a list of recommended books for elementary students. While we expect students to read at least ten books from this list, they are encouraged to read as much as possible during the summer months. This list will be available in the Lobby area of the main school building throughout the summer.

Students and parents are expected to fill in the reading logt. Please turn in your accomplished reading log during the first week of school. Thank you for participating in our summer reading program.
