Holland, MI —

Black River Public School is listed as one of America's best high schools, according to Newsweek.

Each year, Newsweek magazine puts out a list of the best high schools and bases this list on "how hard school staffs work to challenge students with advanced-placement college-level courses and tests" as stated in their article.

Only six percent of all the public schools in the U.S. qualified to make this list. Black River is ranked second in Michigan and 280 out of 1,600 in the US.
