# Black River earns state's top grade

*In brief*

| Staff reports

Black River Public School received an A grade from the Michigan Department of Education when the agency's reports tracking progress according to the Federal No Child Left Behind Act were released.

This is the second year Black River has earned an A. No other high schools in The Sentinel's area received an A this year or last.

School district gets state honors

The Ottawa Area Intermediate School District has received several state-wide awards for its outstanding community relations programs.

The Michigan School Public Relations Association has announced that the intermediate school district communications department earned the following honors:

\* Distinguished award for its special education millage information campaign; Distinguished award for its 2005-2006 annual report; Distinguished award for Careerline Tech Center's marketing plan developed in collaboration with Careerline Tech Center's Marketing Committee; Commendable award for Wavecrest Career Academy's marketing/communication plan; and Commendable award for the district's Web site.

Agreement means

no truck stop

Saugatuck Township joined with its neighbors in helping to stop a proposed Flying J truck stop on Blue Star Highway at 63rd Street in Laketown Township.

The township board approved a joint sewer agreement with Laketown Township at its regular meeting Wednesday. The agreement contains restrictions which effectively prevent the unpopular development from going forward.
