

Odyssey of the Mind

Timeline

- **End of October:** Parents and students will receive information on who their coach and teammates are. Coaches will be contacting teams shortly after.
- **Prior to Thanksgiving Break:** Once teams are formed they will meet at least once prior to the Thanksgiving Break. This will be a great opportunity for parents, coaches, and students to meet one another, get acquainted, and figure out a schedule before diving into the OotM season.
- **After the Break:** Teams should plan to meet at least once a week after the Thanksgiving break. Meeting days and times will be entirely up to each team. Teams may choose to meet more frequently, especially when the tournament date draws nearer.
- **Regional Tournament - Saturday, February 16:** Held at Wayland High School, this is an all day event and what the teams have been working towards! At the Regional Tournament teams will present the solution to their chosen Long Term problem in front of a panel of judges. During the tournament day teams will also be presented with a Spontaneous Problem. Teams are scored on both the Long Term and Spontaneous problems, and based on these scores some teams will move on to the State Tournament.
- **State Tournament - Saturday, March 16:** Teams who scored well at the Regional Tournament move on to the State Tournament where they will present their Long Term problem again.
