

Black River Public Schools Learning Loss 98(c)

Section 98c appropriates \$52,056,000 in federal funding to address learning loss as part of the Governor’s Emergency Education Relief (GEER) Fund and part of the Elementary and Secondary School Emergency Relief (ESSER) II Fund.

Black River Public School is committed to meeting each student at their individual level in order to prepare students for college and life. This is especially true of our most at-risk students, who will benefit from these additional learning loss funds. During the 2022-2023 school year, Black River Public Schools will use the allocated 98c funds to provide our at-risk students with additional resources and supports in order to mitigate learning loss.

Use of funds:	Success will be measured by:
Build a library of decodable texts and phonics materials in order to support phonics instruction both at home and in the classroom for K-3 students	K-3 STAR Reading data K-3 Fountas and Pinnell Running Records K-3 phonemic awareness and phonics assessments
Purchase hands-on Montessori materials that will assist K-5 students in developing a conceptual understanding of the language and math skills they are learning	K-5 STAR Reading data K-5 Fountas and Pinnell Running Records K-3 phonemic awareness and phonics assessments K-5 RightStart Math assessments
Assign a peer to peer interventionist who will identify at-risk 6-12 students and provide intervention, purchase materials to support students	11th grade SAT ELA and ERBW data 10th grade PSAT ELA and ERBW data 6-8 MSTEP ELA data 6-8 NWEA Math data
Professional development related to social emotional learning in grades 6-12 that will help teachers better engage at-risk students	11th grade SAT ELA and ERBW data 10th grade PSAT ELA and ERBW data 6-8 MSTEP ELA data 6-8 NWEA Math data
