3rd	12:25-2:15 p	C	F	C	F	FLEX PM 11:30-2:15pm

FLEX FRIDAYS FOR IN-PERSON STUDENTS

- In-person instruction for grades 6-12 will include Flex Fridays.
 - The block schedule of classes will not meet on Friday, instead the school will be open for a work day for all in-person students who want, or need, to be at school.
 - Teachers will be on campus and have students in their classrooms on a rotating schedule. Students can work on assignments and receive guidance and help as needed.
 - All students will fill out the Flex Friday Form posted in their CAP Google Classroom. If an in-person student does not fill out the form, the default will be to attend school all day on Friday.
 - Please fill this out each week by 8a on Thursday.
 - Students will also have an option to opt for half day in school, either morning or afternoon, or full day remote. Full day students should plan to be at school from 8:00am-2:15pm and eat lunch in their classroom. They may not go off campus for lunch. Students who choose the half day option will not eat lunch at school.
 - The morning session will be from 8:00am-10:45am and the afternoon session will be 11:30am-2:15pm. Students may not choose two half day sessions.
 - While CAP will show up in the schedule, it will not meet in person. It will continue to be offered as a virtual class via Google classroom.
 - Students will be placed in a Friday class by 3p each Thursday. Their teacher and room assignment will be available on IC.
 - Students will have the opportunity on the Form to indicate a teacher they need to see on Friday or a subject they need to work on. We can not guarantee a specific teacher, but we will do our best to find some time for

you to receive that help, whenever possible.

- Students receiving in-person instruction will be asked to dress for the weather. Classes may enjoy time outdoors for some lessons, lunch and mask breaks. Students will need to plan accordingly.
 - All students coming to school on Friday should bring their homework, Chromebook or other personal device, and a work plan as well as something to occupy their time if they finish early. Students can bring a book, drawing supplies, a personal game, or some other activity that is quiet and school appropriate. Students will not be allowed to share materials or games.
 - Students will still need to “check in” through Infinite Campus on Fridays for attendance, even if they are working in-person that day.
- Students may choose to work remotely on a Friday
 - Students working remotely on a Friday will be placed in a Remote Class through the responsive schedule
 - Students do not need to check in for attendance virtually. They will be asked to check in with their teacher of record for that day via email regarding their work plan.
 - Students will still need to “check in” through Infinite Campus on Fridays for attendance

FLEX FRIDAY FOR VIRTUAL STUDENTS

- Virtual Students will need to fill out the Form in Google classroom each week as well.
 - Virtual students are asked to plan to work remotely on Fridays for the first couple of Weeks.
 - Virtual students should still complete a Form each week.
 - After the first couple of weeks, if there are seats available, Virtual students will be invited to attend on Fridays if they choose.
 - Students will still need to “check in” through Infinite Campus on Fridays for attendance
